SUMMARY

Skilled in developing mobile applications with React Native and web applications with React. Strong foundation in JavaScript and component-based architecture, enabling the creation of intuitive user interfaces and efficient state management. Experienced in RESTful API integration and third-party library implementation to deliver scalable, high-performance applications.

TECHNICAL SKILLS

JavaScript, TypeScript, C#, Dart

React, React Native, Zustand, Redux Toolkit, .NET, Flutter

HTML, CSS, Sass, Bootstrap, Tailwind CSS, Material UI, Responsive Web Design

Git, GitHub, GitLab

Figma

WORK EXPERIENCE

OGIS PH - Frontend Developer (React & React Native) | Jun 2025 - Present

Rebuilt a delivery application from scratch using React Native, improving performance and user experience. Developed and maintained an admin web panel using React for managing orders and delivery workflows. Wrote end-to-end tests with Playwright to ensure reliability across web platforms.

Nutricoach Inc. - Frontend Developer (React & React Native) | Jul 2023 - Oct 2025

Developed and maintained mobile applications using React Native and web applications using React. Designed intuitive user interfaces and managed application state effectively. Integrated RESTful APIs and third-party libraries to deliver scalable and responsive solutions.

FFUF Inc. - Frontend Developer (Flutter) | Aug 2022 - Jun 2023

Created scalable and fault-tolerant software solutions for clients in Europe. Worked closely with clients, UX designers, and cross-functional teams in an agile environment. Delivered clean, modular, and maintainable production-ready code.

EDUCATION

AMA University

Bachelor of Science in Information Technology (BSIT)

2018 - 2022
